

TECHNICAL DATA

2-STROKE OIL

API TC quality 2 stroke oil

Product code: FP2S

Product Description:

2-STROKE OIL is a high quality, low ash 2 stroke oil. It has been specially formulated from the latest additive technology and base oil components to produce a low smoke, clean burning product. It is designed to exceed the performance requirements of API TC and is suitable for both premix and injector systems.

Benefits:

- Protects against piston and cylinder scuffing
- Superior levels of anti-wear protection
- High lubricating film strength
- Greatly reduced deposit formation

Applications:

2-STROKE OIL is suitable for use in motorcycles of low to medium output and can be used in a variety of 2 stroke applications such as chainsaws, hedge cutters, go karts, lawnmowers and snowmobiles.

- Always refer to the equipment handbook for mixing ratios and specification requirements.

Product Specification:

JASO	FB
ISO	EGB
API	TC

Typical Test Data:

Appearance	Red
Specific Gravity @ 15.6°C	0.880
Kinematic Viscosity @ 100°C (cSt)	8.94
Flash Point (°C)	170
