

TECHNICAL DATA

AUTO-TRANS G

Automatic transmission fluid

Product code: FPATFG

Product Description:

AUTO-TRANS G is a high quality, high performance automatic transmission fluid, manufactured from solvent refined base oils and state-of-the-art additives to provide the desired non-frictional modified properties required in this product. The additive system incorporated in AUTO-TRANS G provides resistance to oxidation, foam, corrosion, and wear. It is dyed red for identification purposes.

Applications:

AUTO-TRANS G is suitable for use in automatic transmissions, gearboxes, hydraulic systems, power steering units, fluid drives and torque converters requiring a non-friction modified transmission fluid to the Ford M2C-33G specification.

Product Specification:

Ford	ESP M2C-33F, ESP M2C-33G
------	--------------------------

Typical Test Data:

Specific Gravity @ 15.6°C	0.865
Kinematic Viscosity @ 100°C (cSt)	7.47
Flash point (°C)	205
Copper Corrosion	Nil
Colour	Red

Health & Safety:

Please refer to the health and safety data sheet, a copy of which is freely available to all of our customers.
